

May 10, 2021

Aloha to our ANRC families and friends;

We are happy to announce a modification to our visitation policy and look forward to seeing more of the familiar faces that we have missed over the last year. As we start to re-open our doors, we must not let our guard down; we must continue to fight the good fight against COVID-19.

Please see below for updates regarding visitation, effective Wednesday, May 12, 2021:

Indoor visitation will now be permitted when both the Resident and Visitor are fully vaccinated (two weeks after the final COVID-19 vaccine was administered).

- Visits must be scheduled by calling the Social Services department at 808-441-9564.
- Appointments are available 7 days a week in two (2) hour increments.
- Please provide a copy of your COVID vaccination card.
- COVID-19 antigen testing is requested on a monthly basis and will be provided by ANRC. If you choose to be tested monthly outside the facility, please provide a copy of the test.
- Face shields are strongly encouraged (ANRC has face shields available for you to use).
- Face masks for visitors are required at all times.
- Visitors are not permitted to eat or drink during the visit (as masks must not be removed).
- A maximum of two (2) visitors at a time, per Resident.
- Maximum of two groups of visitors per wing.
- Visits shall take place in the Resident's room, or you may escort your loved one to lanai for fresh air during your visit. Otherwise, please do not venture freely outside the designated visiting area (i.e. Resident's room). If you need assistance, please use the Resident's call light to summon staff.

No changes have been made to our out-door lanai visits and we will continue to offer this opportunity for those who have not been vaccinated or prefer the outdoor venue.

As a reminder, ANRC must continue to disinfect all items brought into the facility. Acceptable items are listed below:

- Store bought plants and flowers are permitted. All plants and flowers must come in a plastic container (vase or pot/planter). No glass containers are allowed in the facility. If you order from a florist, please ask them to use a plastic vase.
- All clothing must be labeled with the Resident's name. We will then send the clothing to our laundry department.
- Paper products and porous items will be bagged and labeled with the Resident's name. These items must sit for 72 hours before they can be delivered to the Resident's room.
- Store bought or restaurant supplied food and non-perishable items are acceptable, and the outside container will be disinfected.

We will continue to keep you informed of any further developments. If you have questions or concerns, please call 247-2220 ext. 542 for Darrin or ext. 536 for Vanessa. Please leave a message and we will respond as soon as possible.

Sincerely,  
Darrin Schadel, Administrator
